Discover the value

- Colour coded → For a easier identification
- 120 x 98 x 13 mm → Perfect for hand sanding
- Two sided → Outstanding value for money
- Pressure equalizing foam → Avoid risk of oversanding
- Adaptative → Easy to work edges
- Low clogging → Extended sanding performance

Perfect finish, everywhere

Filler, paint or varnish. Regardless the application, the soft sponge backing of the **RhynoSponge** produces a conformable surface for sanding edges and curved surfaces.

High resistance, without compromise

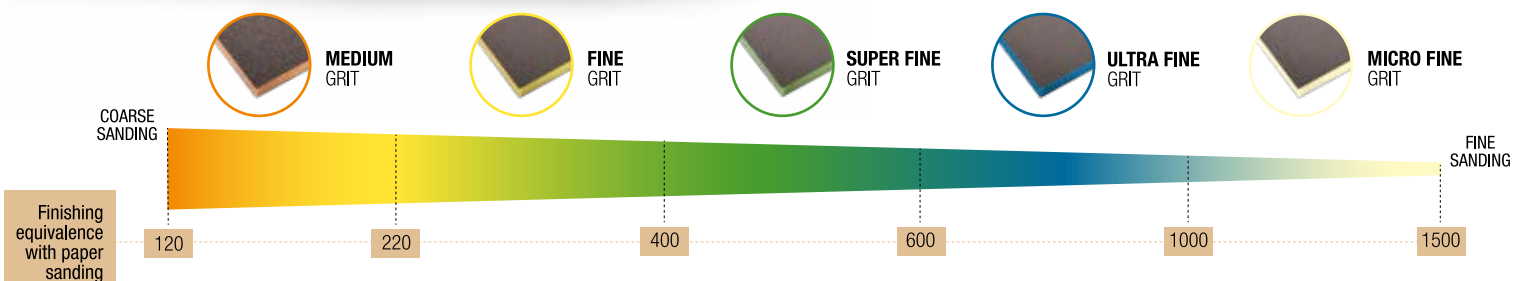

Thanks to an improved abrasive distribution combined with surface-adapted multi-layers, the **RhynoSponge** provides:

- ✓ Longer lifetime
- ✓ Multiple usage
- ✓ Flexibility, without grit shedding
- ✓ Dry or wet sanding

**ALUMINIUM
OXIDE**

A colourful approach

Grit range **from medium to micro fine**, colour coded for ease of identification.

RHYNOSPONGE - DOUBLE SIDED SPONGE AUTO

Low clogging

The optimised distribution of grain with the flexible resin, minimises clogging.

Even sanding. Always

The equalising foam of the **RhynoSponge** produces an even sanding finish on contours and edges.

Applications suggestions

- ✓ Sanding preparation
- ✓ Sanding for blending
- ✓ Scuffing / key paint work
- ✓ Micro-finishing / rectifying
- ✓ Dust and paint removal
- ✓ Fine sanding
- ✓ Paint-removal

Substrates

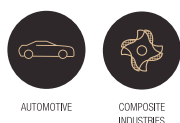

- ✓ Primers
- ✓ Fillers
- ✓ Old paint
- ✓ Fibre glass
- ✓ Clear coats
- ✓ Gel coats
- ✓ Top coats

Usage Recommended personal protective equipment when sanding:

- Safety goggles
- Safety mask
- Gloves

Barcode	Dimensions	Grit	Color	Qty./Box
595077	98x120x13	Medium	Orange	100
595107	98x120x13	Fine	Yellow	100
595121	98x120x13	Super Fine	Green	100
595145	98x120x13	Ultra Fine	Blue	100
595169	98x120x13	Micro Fine	Beige	100
